

NEVADA COPPER FILES Q3 FINANCIALS AND MD&A ON SEDAR; REMAINS ON SCHEDULE TO ENTER PRODUCTION IN Q4, 2019

November 15, 2018 – Nevada Copper Corp. (TSX: NCU) (“Nevada Copper” or the “Company”) is pleased to announce that it has completed, and SEDAR-filed, its quarterly financial statements and management’s discussion and analysis for the period ended September 30, 2018. Additionally, the Company confirms that its Pumpkin Hollow underground copper project remains on target to commence production in Q4 2019. Construction progress is either on schedule, or ahead of schedule, for all major work packages. Specifically:

- Main shaft has been sunk an additional 143 feet, with 101 feet remaining to completion.
- Shaft station excavation has commenced on the first of two production levels. Lateral development has advanced 384 feet on the 2850 level.
- Earthworks and the sub-collar are complete for the East North ventilation shaft and the shaft was advanced 23 feet.
- Process facility earthworks are ahead of schedule at 40% complete.

Matt Gili, Chief Executive Officer of Nevada Copper, stated “*Nevada Copper’s Pumpkin Hollow is the only large-scale, fully-permitted copper project in the US that is currently under construction and we are very pleased with progress to date. We also continue to receive very strong support from the community and from our service providers. The team is consistently hitting its construction targets and Pumpkin Hollow remains on track to enter production in the final quarter of 2019.*”

Please reference our website at www.nevadacopper.com for updated construction progress photos and additional project information.

About Nevada Copper

Nevada Copper’s (TSX: NCU) Pumpkin Hollow project is the only major, shovel-ready and fully-permitted copper project in North America that is currently under construction. Located in Nevada, USA, Pumpkin Hollow has substantial reserves and resources including copper, gold and silver. Its two fully-permitted projects include: the high-grade Pumpkin Hollow underground project which is in construction with a view to commencement of copper production in Q4, 2019; and the Pumpkin Hollow open pit project, a large-scale copper deposit.

Cautionary Language

This news release includes certain statements and information that may contain forward-looking information within the meaning of applicable Canadian securities laws. All statements in this news release, other than statements of historical facts are forward-looking statements. Such forward-looking statements and forward-looking information specifically include, but are not limited to, statements concerning: the commencement of production at the underground mine, and other plans of Nevada Copper with respect to the development, construction and commercial production at the Pumpkin Hollow Project.

Often, but not always, forward-looking statements and forward-looking information can be identified using words such as "plans", "expects", "potential", "is expected", "anticipated", "is targeted", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates", or "believes" or the negatives thereof or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will" be taken, occur or be achieved. Forward-looking statements or information are subject to known or unknown risks, uncertainties and other factors which may cause the actual industry results, to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or information.

Forward-looking statements and information are subject to a variety of risks and uncertainties which could cause actual events or results to differ from those reflected in the forward-looking statements or information, including, without limitation, risks and uncertainties relating to: history of losses; requirements for additional capital; dilution; adverse events relating to construction and development; cost overruns; loss of material properties; interest rates increase; global economy; no history of production; future metals price fluctuations, speculative nature of exploration activities; periodic interruptions to exploration, development and mining activities; environmental hazards and liability; industrial accidents; failure of processing and mining equipment to perform as expected; labor disputes; supply problems; uncertainty of production and cost estimates; the interpretation of drill results and the estimation of mineral resources and reserves; changes in project parameters as plans continue to be refined; possible variations in ore reserves, grade of mineralization or recovery rates may differ from what is indicated and the difference may be material; legal and regulatory proceedings and community actions; accidents, title matters; regulatory restrictions; permitting and licensing; volatility of the market price of the Company's common shares; insurance; competition; hedging activities; currency fluctuations; loss of key employees; other risks of the mining industry as well as those factors discussed in the section entitled "Risk Factors" in the Company's Annual Information Form dated March 28, 2018. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in forward-looking statements or information. The Company disclaims any intent or obligation to update forward-looking statements or information except as required by law. Readers are referred to the full discussion of the Company's business contained in the Company's reports filed with the securities regulatory authorities in Canada. Although the Company has attempted to identify important factors that could cause actual results to differ materially, there may be other factors that could cause results not to be as anticipated, estimated or intended. For more

information on Nevada Copper and the risks and challenges of its business, investors should review Nevada Copper's annual filings that are available at www.sedar.com.

The Company provides no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.
